

Faster, Simpler, Better

recurring payments simplified

Who Are We?

Paycorp is a dynamic payment fintech specialising in recurring payment collections.

We are committed to empowering businesses in collections such as subscriptions, loan EMLs, fee collections, and rentals—by offering comprehensive, end-to-end payment solutions.

Our Unique Value Proposition

Paycorp delivers solutions that cover the full width and depth of recurring payments, making us the ideal partner for businesses that want to achieve predictable cashflow streams.

Our Key Strengths

Security & Compliance

We prioritise safety and security, ensuring full compliance with relevant regulations and building trust with businesses and their customers.

Tailored to each industry

We strive to deliver zero manual intervention through industry-tailored deep automation.

Innovation

Our solutions are designed to enhance operational efficiency, streamline processes, and maximize revenue generation.

Operational Footprint

25 banks and **55+ NBFCs** across India and GCC rely on our recurring payment collection platform.

We have established sponsor bank relationships with 4 banks, ensuring robust and reliable payment processing capabilities for our clients.

Experienced Team

Our team brings over 200 person-years of banking technology experience, making us a trusted leader in the payments domain.

We combine deep industry knowledge with fintech innovation to deliver exceptional solutions that help businesses optimize their recurring payment streams.

With a proven track record and strong partnerships, we are committed to driving your business success.

Why Paycorp is the best solution for your organisation

End-to-end NACH solutions for both sponsor and destination banks, streamlining the recurring payment process.

Over 25+ years of experience in technology and payment/ACH functionality ensuring reliable and efficient services.

Built with top-notch security and compliance with all regulatory requirements for data protection.

Seamless integration with NPCI, bank CBS, and other core systems, reducing manual intervention and enhancing operational efficiency.
